DETAILED ACTION

Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 1 and 14-18.

Reason for allowance

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed High-Voltage Silicon Controlled Rectifier Structure with Improved Punch Through Resistance having a first polysilicon region that contacts the top surface of the epitaxial layer over the first semiconductor region, the first polysilicon region having the second conductivity type; and a second polysilicon region that contacts the top surface of the epitaxial layer over the second semiconductor region, the second polysilicon region being spaced apart from the first polysilicon region and having a region of the second conductivity type.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
